APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicati	on,
and do hereby grant the same, subject to the following limitations ar	a
conditions:	
This permit is issued subject to all existing rights of the source and is limited to what the well will produce but not to exceed 2.0 c.f.s. It is understood that this right must allow for a reasonable lowering of the static water level at permittees well	due
to other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurement water use kept, and a method provided, either air line or opening, measuring depth to water. The State retains the right to regulate use of the waser herein granted at any and all times.	s of for
The amount of water to be appropriated shall be limited to the amount	
hich can be applied to beneficial use, and not to exceed 2.0	
cubic feet per second, or a yearly duty of 4 acre-feet per acre of irrigated.	land
